Solid Wood Bedrooms

By Yutzy Woodworking LTD

The Grampian Collection, by Yutzy Woodworking is an updated interpretation of the Arts and Crafts Movement. From 1880-1920's the Arts and Crafts Movement flourished in both Decorative and Fine arts.

Grampian offers many options for storage: dressers, armoires, door chests, etc., all come standard with full extension, soft close, under mount drawer slides.

Both the Panel bed and the Sleigh bed are available with footboard drawers or side rail drawers allowing you to customize your storage to suite your needs.

Available exclusively on the Grampian Collection is the combination of two complementary wood species, Elm and Maple, shown here.

Here we show Michaels stain on Elm panels, tops and drawer fronts which highlights the grain characteristics unique to the Elm species.

We have combined the Elm with dark Onyx on the Maple cases and frames that provide the contrasting richness that sets this collection apart.

As with all Yutzy Woodworking furniture, we offer wood, finish and hardware choices to reflect your personal tastes.

How can we customize each piece to meet your specific needs?

All pieces shown in Maple with Onyx Finish and
